

Headshot Back to Business Guidelines

What you can do:

- Please *do not* enter our studio space if you are, or have recently been, ill.
- Please wash hands before you come to us.
- If you sneeze, cover it with a tissue and discard it right away.
- Please do not touch our photographic equipment, lights, stands, etc.

What we'll do:

- Provide a clean environment for you to enter.
- We will routinely clean high-touch surfaces like tables, stools, etc.
- We'll clean & sanitize before you arrive and again after you leave.
- We strive to be set up and ready for you when you arrive.
- We'll provide tissues, hand sanitizer and a waste receptacle for your use.
- Wear a mask while working if there's any concerns.

What we ask:

Please *communicate* with us. Call, text, or email any concerns you may have. Our process tends to be mostly contactless. However, there are some 'touch points' that are typical during our process. If you're concerned, let's discuss it.

Bob's Info:
